Your ultimate desire is a desire that uplifts you, your spirit and your surroundings and your framework...It is a love of self and grace. It is a consciousness which has nothing but radiance about it.
Yogi Bhajan

YOGI BHAJAN EXPLAINED MANY ASPECTS OF BEING A MAN AND WHAT THAT MEANT IN OUR RELATIONSHIPS WITH OUR POLARITIES—WOMEN

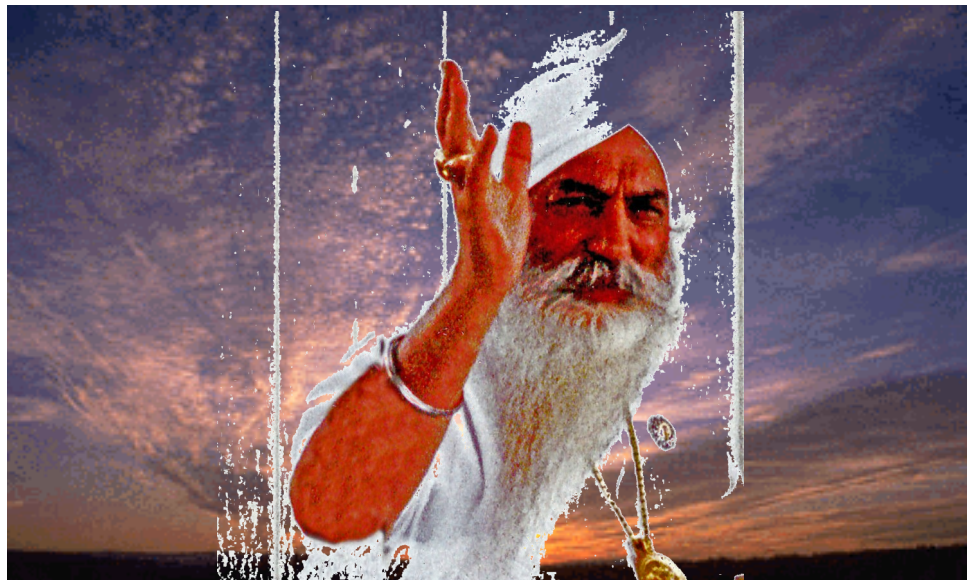

In particular relationships in life there are simple facts you have to study from the law of nature.

Earthly law is when in time and space you want to escape from a situation ... if there is a problem, confront it, face it, establish it and clear it out.

If you do not understand woman you do not understand yourself.

. We are talking about the inside man—the real man. In the past, there was nothing more beautiful before a man than a man himself

Creative consciousness is creative infinity. Creative infinity is equal to the creative polarity between male and female and creative polarity is equal to the circle of Infinity
